Experience

Personal project

PORTFOLIO | 2025

Built a personal portfolio to showcase my web development projects and skills. Implemented smooth GSAP animations, responsive design with TailwindCSS, and internal navigation with React Router, achieving a clean and modern UI.

Personal project

LUCCIANO'S WEBSITE CLONE | 2025

Recreated the official website of the famous Argentine ice cream brand Lucciano's, focusing on elegant animations and smooth user experience. Used React, CSS Modules, and GSAP to deliver a fully responsive and functional design.

Personal project

POSITIVUS | 2024

Developed a digital marketing agency website using HTML, CSS, and JavaScript. Integrated ScrollReveal animations to enhance user interaction, following a professional Figma design.

Personal project

FENDYAN S.A. | 2024

Created a transport logistics website combining front-end and basic back-end logic with PHP. Implemented product catalog, contact form with validations, and an attractive, functional interface.
